

CLASSROOM DONATIONS

Celebrate Success in a Science Classroom!

We would like to maintain the success of our excellent Science lab program at TOHS by continuing to offer your child the best tools available. In order to do this, the Science Department invites the community into the classroom in support of our students. Parents, you can experience the impact of your contribution and effort right here....

The Science Department is requesting a voluntary \$10 per student donation to supply consumable lab materials for each science student. If you are interested in donating to the science program, please send your donation to the **Conejo Schools Foundation** using the donation slip at the bottom of this page. Please make checks payable to Conejo Schools Foundation, not TOHS. For tax deductible support, you may also donate online at <http://www.conejoschools.org/information/contribute-online>. It would be most helpful if we could receive all donations by Friday, September 27th.

If you would prefer to make a specific donation, here is a list of suggested supplies that are much needed in the classroom:

- White and any color copy paper
- Tape (all kinds)
- Box(es) of nitrile disposable gloves size medium or large
- Baggies (zip seal, all sizes)
- Hand soap
- Low odor white board markers
- Paper towels
- Disinfecting wipes
- Kleenex
- Colored pencils and markers
- HP 96/97 printer cartridges

You are under NO obligation! Thank you so much for your generosity and support of our efforts to give every student a quality lab science education.

All monetary donations are being accepted through the Conejo Schools Foundation. In order for your donation to go directly to your child's classroom, enclose the following slip when mailing your donation. To save postage, you can drop off donations in class and they will be mailed for you.
